

## Bravo Shield Hospital Income Plan

### Be prepared for the unexpected

Life is characterised by uncertainties. Unforeseeable events happen to even the best-prepared among us. It is essential to plan ahead to help us and our loved ones in cushioning the impact of injuries which can require pricey treatments and unexpected hospital stays. When you are in the hospital, the last thing you want to worry about is how much it will cost to get better, or the financial consequences like impacts on your family's earnings.

#### Daily Hospital Confinement Benefit

Cash benefit of HK\$500 from the very first day you are hospitalized for up to 365 days per accident. This cash benefit will be doubled if severe injury befalls and requires a stay in the intensive care unit ("ICU").

#### Extended Benefit Covering COVID-19

Lump sum cash benefit of HK\$50,000 in case of ICU confinement for over 3 days or death due to COVID-19.

#### Family Plan

Designed to cover your entire eligible family member from new born babies to adults aged 70.

### Focus on recovery with Bravo Shield
